A SUIT is only a Suit, but a "HIGH ART" Suit is a possession to be cherished and chumbed with, like a picture, a porcelain or a "first edition." It thrills with style and throbs with individuality.

It is better than merchant-tailored by better than merchant-tailors—by sheer artists and sheer artists. Each "HIGH ART" Suit is not the fruit of a day's work but of a life's work—of half a century of concentrated effort.

Mr. Chapman received a letter from his son, Byrd, recently from the military school in Kentucky, where he is a student. After mature deliberation Byrd has reached the conclusion that it was never intended that he should be a soldier. The idea of getting out at daybreak, marching all over the country before breakfast does not appeal to your cousin Byrd.

Twelve Reasons Why You Should Vote For Wilson

Gen. Ayers Stands on the Same Platform.

1. He is the only candidate for President who represents the real, the vital and the effective progressive forces in this country.

2. He stands for tariff revision downward in the interest of lower prices and the elimination of monopoly.

3. He stands for trusts legislation which will prevent the control of prices through any sort of monopoly.

4. He stands for income tax and believes that wealth should share the burdens as well as the blessings of government.

5. He stands for the rights of labor and the protection of the man who earns his bread by the sweat of his brow, as shown in his record as Governor of New Jersey.

6. He stands for the revival of our merchant marine, and for the government encouragement of agriculture, industrial and vocational education.

7. He trusts the people and believes that the government should govern; and that Senators should be chosen by the people.

8. He faithfully performs in office the promises made out of office.

9. He will "CLEAN HOUSE" at Washington as he "CLEANED HOUSE" in New Jersey.

10. He preaches and practices clean politics, and practices it effectively. He unalterably opposes machine politics and the rule of the bosses.

11. He stands for legitimate big business every day, but for monopoly never.

12. As Senator LaFollette says, He "approaches every problem with the solemn promise to be really, in the highest sense, a servant of the people."
